BC Uzhhorod wins U13 tournament

The fifth tournament of the U13 category took place in the Polish city of Kraków. The most balanced performances in this tournament were shown by the Ukrainian team BC Uzhhorod and they deservedly won the gold medals.

In the opening match of the tournament, the home team KS Korona 1919 RadwanSport Kraków easily defeated another Polish team Lublinianka KUL Basketball . In the second match, we welcome another new team to the CEYBL tournament, namely the Czech team BC Benešov , who played a match with the Slovak team MBA Prievidza . Benešov entered the tournament and the match with enthusiasm and already at halftime it was practically decided that they would win. In match number three, the last teams of this tournament are involved. Specifically, the Ukrainian team BC Uzhhorod and the Czech team JBN boys . The South Bohemian Basketball Hopes (JBN boys) are showing a very solid performance, but in key moments they make more mistakes and thanks to this, the Ukrainian team wins.

Saturday morning brings big fights. First between the home team KS Korona 1919 RadwanSport Kraków and the Czech team JBN boys . The Czech team shows a compact performance and gets a well-deserved victory. Thanks to Benešov's loss to the home team on Friday, the table becomes interestingly complicated for us. We watch the second even match before lunch. It takes place between Prievidza and Lublinianka. The Polish team always had a few points lead throughout the match, but the Slovak team fights enthusiastically. Unfortunately, they do not find the strength to turn the match in their favor and lose by a

difference of seven points.

On Sunday we start with the Czech derby between the Czech teams JBN boys and BC Benešov. If the South Bohemians win, they will win silver. If they lose, they will be fourth. If Benešov wins, they will take bronze; if they lose, they will be fourth, and everything will still affect the future result of the home team in the match against Prievidza. So, a properly complicated situation. The first half of the match was completely even, but a little better energy was coming from the Benešov players. They take the initiative in the third quarter and enthusiastically head for victory. They eventually win by a margin of twenty-four points. In the second match, BC Uzhhorod left no one in doubt that they are heading for victory in the tournament. Their good mood was "taken away" by the Polish team Lublinianka KUL Basketball , who thus lose by a higher margin. In the last match, the home team KS Korona 1919 RadwanSport Kraków defeats the Slovak team MBA Prievidza quite calmly. Although the Slovak team showed great determination in the last quarter to turn the game around, they failed and ended up losing by eleven points. The home team thus won the silver medals.
