

MKS Ósemka Skierniewice wins the U14 tournament

Polish teams dominated the seventh U14 tournament. All medal positions went to Polish teams. The best performance was by MKS Ósemka Skierniewice, who made perfect use of their home environment to win gold medals.

The tournament started with a duel between the home team and Akdemie Grand Est , which traveled to the CEYBL tournament from far away France. The long journey also affected the performance in the first match of the tournament and the French academy lost it by a significant margin. The second match immediately offered a real drama, when Beksa managed to win by a single basket over the Polish team Lublinianka KUL Basketball . Beksa did not enter the match ideally and throughout the match they were closing a small deficit, but in the last quarter they set the pace as in the "Great Pardubice", the famous race, and in the end they won. Another thing is that there was no need for a finish photo, I have the impression that we do not have this technology available at tournaments yet :-). The last match of the first round was taken by a new team from Warsaw - UKS Bialoleka , which came up against the traditional participant WKK Wroclaw . Wroclaw had no mercy on the newcomer and gave it a more than thirty-point Christmas start.

Saturday's program ran according to "paper" assumptions and copied the results from Friday, so most of the exercises ended with a larger point difference.

On Sunday, Akdemie Grand Est won a big victory over Beksa, but even that was not enough for the first medal. Meanwhile, UKS Bialoleka in its first appearance, also won bronze thanks to a victory over Lublinianka KUL Basketball, .

The tournament program will conclude with a duel between the home team and WKK Wroclaw for gold medals. And it was a fierce, attacking, combative and truly worthy final match in a great atmosphere. The U14 category scored an unprecedented 213 points. A true celebration of basketball!!!
