

The host Děčín dominated the opening U14 tournament

This year's season started with the U14 category tournament in Děčín. There were a number of nice matches and quality youth basketball. The home Warriors rejoice at the well-deserved triumph at the tournament.

Right at the start of the tournament, the two strongest teams met, i.e. the domestic Warriors and the Austrian team BBLZ. For most of the time, the home team had the upper hand. With this victory, they started a streak of 5 wins and, as the only undefeated team, they are rightfully rejoicing at the triumph at the tournament.

The silver goes to Austria, when the already mentioned BBLZ - Reach the Top dominated all the other matches quite clearly.

Two Czech teams fought directly for the bronze medal in their Sunday match, and the boys from Sokola Pražský were more successful, who managed to beat the tigers from České Budějovice.

The fifth place belongs to the German team Mitteldeutsche Basketball Academy, which in the end overcame the sixth- Jízní Supi in a balanced match.

It was a great start to the new season and in less than 2 weeks we have another tournament in the U14 category, this time in Wrocław, Poland. There, the rest of the teams that were now free will present themselves.

Final standings of the tournament:

1. Válečníci Děčín (Czech Republic)
2. BBLZ - Reach the Top (Austria)
3. Sokol Pražský (Czech Republic)
4. Tigers České Budějovice (Czech Republic)
5. Mitteldeutsche Basketball Academy (Germany)
6. Jízní Supi (Czech Republic)
