

## Písek sovereign at the U13 tournament in Trnava

***The second tournament of the U13 category took place in Trnava and was completely dominated by the players of Sokol Písek, who won all their matches by a large margin. But the next matches were more balanced and we even saw double overtime.***

The total score of the Sršni Písek team in the ratio of 413:173 speaks for itself and it is obvious that there was no team at the tournament in Trnava that could compete with the later winner, at least in terms of the result.

Second place also goes to the Czech Republic, specifically to BK Brandýs nad Labem . Their first match against Sokol Dubeč brought great drama and was decided only in the second overtime. However, the next matches were more in their control and in the end they lost only to the victorious Písek.

The third and fourth place belong to the teams from Poland, whose mutual duel also brought a balanced spectacle. In it, BC Swiss Krono Żary managed to beat SKM Zastal Zielona Góra by 6 points and is happy about the bronze.

Sokol Dubeč finished in fifth place and ended the tournament organized by Slávia Trnava without a win.

### Final standings of the tournament:

1. Sršni Písek (Czech Republic)
2. BK Brandýs nad Labem (Czech Republic)
3. BC Swiss Krono Żary (Poland)
4. SKM Zastal Zielona Góra (Poland)
