

Písek also won the second tournament in the U17 category

The second tournament in the U17 category was hosted by the Polish Ostrów Wielkopolski, but the winner was the same as in Slevensk. Sršni Písek again had a record of 4-1 and it again earned them the first place in the tournament.

Sršni Písek arrived in Poland as the defending champions from the previous tournament and lost to the home team right from the start. However, it was their only loss, and since the host team recorded three defeats in the next round, it brought the Czech team their second triumph of the season.

The Slovak team BK Lokomotíva Sered' had the same record as the winner, which arrived in good form. However, since the only loss came against Písek, thanks to a worse mutual match, they will take the silver.

Even the bronze goes to Slovakia, specifically to MŠK BK Žiar nad Hronom . Although this team had two heavy losses against the first and second teams, it managed to win other key duels, so it rightfully added to the podium.

Vienna DC Timberwolves and ORLEN Akademia BM Stal had the same balance of 2 wins and 3 losses. The mutual match thus decided that the Austrian team ultimately takes fourth place ahead of the tournament organizers.

The German team Science City Jena closed the table of this successful tournament without a victory.
