

Mitteldeutsche BA another winner in the U14 category

The fourth tournament in the U14 category took place in Litomyšl, where the German Mitteldeutsche Basketball Academy team showed its best form, and after finishing fifth and fourth in the previous tournaments, it managed to win a medal on the third attempt, and the most valuable one.

The German team played three out of five games in the tournament, which ended with a difference of only one basket, and already after Saturday's program secured victory in the tournament. The final loss to the Thuringia Select Team could not change anything about their victory, but it really messed up the ranking on the other ranks, where the mini-table decided.

It was certain that WKK Wroclaw would take up to 4th place thanks to this, and the rest of the order was to be decided by the last duel of the tour between the host ADFORS Basket Litomyšl and Tigers České Budějovice. He determined that the silver will stay at home and condemned the defeated team to 5th place. The second German team, Thuringia Select Team, pushed through to third place.

Leaving the tournament without a win, Levharti Chomutov, who fought against a large team and played the tournament with only 8 players.

Final standings of the tournament:

1. Mitteldeutsche Basketball Academy (Germany)
2. ADFORS Basket Litomyšl (Czech Republic)
3. Thuringia Select Team (Germany)
4. WKK Wroclaw (Poland)
5. Tigers České Budějovice (Czech Republic)
