

Another triumph for WKK, this time in the U17 category

This weekend also saw the start of this year's season for the oldest U17 category, and the tournament was hosted by the traditional organizer WKK Wroclaw. In the end, the home players rejoiced at the victory and thus imitated their younger colleagues from the U14 and U15 categories.

The home players WKK Wroclaw scored two big turnovers and thanks to this they are happy with the overall victory in the first tournament of the U17 category. In the opening match of the tournament, the home team lost for a long time to the Slovak team AKAPO Lučenec and entered the last quarter with a deficit of 12 points. In the end, WKK managed to turn the match around and win the match by 3 points. A similar scenario was repeated in the last match of the tournament, where in a duel between two undefeated teams, the home team was losing after 3 quarters at ORLEN Akademia BM Stal a point more, i.e. 13. Even in this case, the last quarter clearly belonged to the eventual winner.

The second place remained in Poland, although after losing a well-played match, it has a bit of a bitter taste for ORLEN Akademia BM Stal .

The bronze goes to Slovakia to the AKAPO Lučenec team thanks to a balanced score of 2-2.

The last two places belong to the teams from the Czech Republic, who played on Sunday morning to see who would take the first victory in the tournament. In the end, the boys BK NH Ostrava showed greater quality, pushing Královští Sokoli Hradec Králové team to the last place.

Final standings of the tournament:

1. WKK Wroclaw (Poland)
2. ORLEN Akademia BM Stal (Poland)
3. AKAPO Lučenec (Slovakia)
