

## Zielona Góra another winner in the U15 category

**After the second place in Ústí nad Orlicí, the second tournament in the Czech Republic went even better for the Polish team SKM Zastal Zielona Góra. In Česká Třebová, they did not know the bitterness of defeat and thus dominated the fifth stop of the U15 category.**

The tournament in Česká Třebová brought a lot of close matches and, above all, it was never clear in advance how it would turn out. After all, this is also proven by the great balance between the teams in 2nd to 5th place, which were separated by only one win.

However, it was the later winner SKM Zastal Zielona Góra who scored significant wins. That is, until the last game, when on Sunday, in a duel that could no longer change their first place, they beat Crailsheim by a single basket.

In the same way, the last match of the tournament did not go well for the home team BA Young Diamonds , but even in this case the result could no longer affect the overall second place for the organizers.

UKS SP 27 Katowice finished in third place with the same score of 3-2, but a worse match.

The ranking in 4th and 5th place was also decided by a mutual match and it was decided in favor of HAKRO Merlins Crailsheim , who relegated Sršni Písek to 5th place.

The winner of the tournament in Frýdek-Místek ORLEN Akademia BM Stal , came to the tournament in a weakened lineup, which resulted in an overall record of 0-5.
