

BK Inter Bratislava is the clear winner of the U15 tournament

The eighteenth tournament of the U15 category took place in Česká Třebová. The Slovak team BK Inter Bratislava won the gold medal with a clear victory, earning a ticket to The Finals with a score of 15:0.

In the opening match of the tournament, two Czech teams Sokol Pražský and CB Basketball, meet. The match full of inaccuracies was better handled by the team from Prague. In the second match, two Slovak teams Slávia Trnava and BK Inter Bratislava, meet. And the latter team wins a big victory. And finally, we have the "derby" of the Polish teams Jura Basket TS Wisła and SKM Zastal Zielona Góra. This match was also relatively clear-cut and was practically decided halfway through the match.

On Saturday morning, the favorites confirm their positions and win big. In the afternoon program, Trnava shows what is probably its best performance in the tournament and is a balanced opponent of Zastal for at least half of the matches. Although it does not win the match, it leaves a good impression on its fans. Perhaps the biggest surprise that shook the tournament table occurred at the end of the day at the expense of the Czech team Sokol Pražský. The Polish team Jura Basket TS Wisła surprised with an active game and in the middle of the match it was almost evenly matched. In the third quarter, the players of the Polish team receive warnings from the referees that they will be punished for "passing" reactions during defensive contacts of the Czech team. Paradoxically, this kicked the Polish team players into a better game and they counterattack with a 10:0 point streak, which practically decided the match, since "SOPR" could not react to this and its game practically fell apart.

Sunday's first match was supposed to be a formality according to "paper assumptions", but it didn't happen. Spectators had the opportunity to watch the drama until the last second. CB Basketball performance has been continuously growing since Friday's match with the Czech team Sokol Pražský in the tournament and culminated in the match with the Polish team SKM Zastal Zielona Góra. The Polish team gained a slight lead in the first quarter, but CB Basketball turned the lead over to their side halfway through the match. After the third quarter, the Polish team takes a slight lead again. The match reaches an even and dramatic ending in the last quarter, which the Polish team ultimately manages better and confirms the silver medal with a two-point victory. In the next match, Inter defeats the struggling SOPR at a leisurely pace. The coach of the Slovak team and his players had the match so under control that the coach did not have to get up from his chair for the entire match. BK Inter Bratislava thanks to the victory in this match and the overall score of 5:0, wins gold medals and a ticket to The Finals of this category. In the last match of the tournament, Trnava could have mixed the final standings, but they failed to do so and after a solid performance they lost to the Polish team Jura Basket TS Wisła.
