

Inter Bratislava won another U18 tournament and will finish the regular season in 1st place!

Slovak Inter Bratislava dominated the second tournament in a row and after winning in Ceska Trebova dared to take first place in Germany, where again found no conquerors. With a total balance of 14-1 is thus a certain winner of the basic part. The main event, the final tournament, is still ahead of us, so the winner of the competition is far from being decided.

This tournament brought a lot of balanced and dramatic matches. These were often rather defensive matches. However, the lowest number of points in all tournaments of this category was scored for the whole tournament and the 100 points limit was not beaten once.

We thank the local club for the quality of the tournament and we are looking forward to Wroclaw for the last stop of the regular season.
