

TKM Wloclawek did not find a winner at the U14 tournament in Dresden!

The first U14 tournament took place over the weekend in Dresden, Germany. The full number of six teams fought for three days for the victory, which TKM Wloclawek will eventually take to Poland.

For the first time this season, the full number of six teams came to the CEYBL tournament, for which we are very happy. Two teams from Germany, three from Poland and one from the Czech Republic competed in Dresden.

The Polish TKM Wloclawek team was physically on top in most matches, which its players were able to make good use of. On Saturday afternoon, however, a home team stood up to them, which fought valiantly until the last minute. The match brought a handsome and dramatic spectacle, in which the guests finally rejoiced. In the end, the organizing team takes third place, as the second Polish representative, SKM Zastal Zielona Góra. Právě tento tradiční účastník soutěže CEYBL skončil na stříbrné pozici.
